## Work Experience

### Frontend Web Developer

2024 - Present

- Delivered tailored web solutions to more than 20 clients, catering to a diverse range of industries including retail, education, and healthcare. Collaborated with startups to deliver impactful digital products that aligned with their unique business goals and industry requirements.
- Conceptualized, designed, and developed scalable and responsive web applications, focusing on optimizing performance, enhancing user experience, and meeting client expectations. Prioritized functionality, speed, and adaptability to deliver solutions that consistently achieved high levels of user satisfaction.
- Worked closely with clients to thoroughly understand their requirements, ensuring that their needs and expectations were met with precision.

### UI Designer (Freelance)

2022-2023

- Designed user-friendly interfaces for web and mobile applications, improving user engagement by 25%.
- Created wireframes, mockups, and interactive prototypes using Figma and Photoshop.
- Conducted user research and usability testing to refine design decisions.
