Work Experience

Web Developer (Freelance)

2023 - Present

- Delivered tailored web solutions to more than 50 clients, catering to a diverse range of industries including retail, education, and healthcare. Collaborated with startups and established SMEs to deliver impactful digital products that aligned with their unique business goals and industry requirements.
- Conceptualized, designed, and developed scalable and responsive web applications, focusing on optimizing performance, enhancing user experience, and meeting client expectations. Prioritized functionality, speed, and adaptability to deliver solutions that consistently achieved high levels of user satisfaction.
- Worked closely with clients to thoroughly understand their requirements, ensuring that their needs and expectations were met with precision. This dedication to effective communication and delivering exceptional results fostered a high level of client satisfaction and encouraged long-term partnerships, resulting in significant repeat business.
